Mechanics and Investors Union,

OF RALEIGH, NORTH CAROLINA.

A VERY SUCCESSFUL FINANCIAL COMPANY,

Chartered by the State of North Carolina May, 1893,

offers the following well-secured and profitable plan for the investment of
MONTHLY SAVINGS:

A Monthly-Payment Certificate,

which is issued for any amount, from One Hundred to One Thousand Dollars, and is payable one hundred months after date. This Certificate requires a monthly payment or deposit of **Eighty Cents** for one hundred months, for each one hundred dollars named in the Certificate. The fact of having to meet this payment at a given time aids the owner in his efforts to save and invest a portion of his earnings, and, in that way, it is superior to a savings bank.

At the end of one hundred months the owner receives all that he has deposited, together with a profit of 25 per cent., which is at the rate of 6 per cent. per annum for the time the money has been employed

TEN CENTS PER DAY WILL MATURE A \$400 CERTIFICATE.

THE COMPANY ALSO ISSUES A

Full-Paid Ten-Year Coupon Certificate, \$100,

with twenty semi-annual coupons of **\$2.25** each, payable June and December. These Coupon Certificates are sold for one payment of **\$90**, at which price they pay the owner 6 per cent per annum, free of tax, which is paid by the Company.

As security for the above Certificates the income and assets of the Company are invested

In Loans, Secured by Mortgages on Residence Property,

with an average of double the amount loaned, and which loans are repaid by one hundred monthly payments, the property being protected by Fire Insurance Policy.

Preface . .

THE publishers present to the citizens of Raleigh and the public in general their 1901 Raleigh City Directory, with the firm belief that in point of information, reliability and completeness it will give entire satisfaction and reflect credit upon the city. In the canvass for the names of the citizens we have followed the rule adopted in all other cities in which we publish, i. e., we did not stop at the city limits proper or any imaginary line, but have embraced all the territory, viz.: Oberlin, Caraleigh, Pilot Mills, Brooklyn, West Raleigh, East Raleigh, Method, and all other territory tributary to the city. We find the nearest average number, throughout the different streets of the city, to each name occupying space in the directory to be "three" to the white population and three and one-half to the colored (the average used in nearly all cities in the South.)

We have recorded from A to Z of the general directory (both white and colored), 9,416 names. Consequently, at the average stated above, Raleigh has to-day a population (including suburbs) of 28,248.

In conclusion, we beg to return our most cordial thanks to those who have so generously given us their support, and to them we hereby dedicate this work. To the public generally who have kindly aided us in getting up the data, etc., we return our acknowledgments. To our patrons and the public in general, we promise to make each succeeding volume of their Raleigh City Directory more worthy of commendation and patronage, and will issue it as often as of actual necessity.

Respectfully,

THE PUBLISHERS.

Don't Lend Your Umbrella.

Did you ever lend your umbrella? If so did you ever get it back? If you got it back, didn't you have to go after it or *hunt* for it?

Now, if you never loaned your DIRECTORY we recommend you never to try it, for you will suffer a worse fate than with your parachute!

Borrowers, generally, are chronically such. Their conscience is "seared as with a hot iron." Beyond the shadowy vision of its ultimate reappearance, you will never see it again. The man who borrows a Directory never buys or subscribes for it (or for anything else). Ask him to do so, "he doesn't want it," "never has any use for it," "he knows more about the people in this city than you can tell him," "he knows everybody," and "*VICE VERSA, Everybody Knows Him*" (as a borrower). Yet the virgin freshness of its leaves has hardly been supplied by human touch before this individual wants to borrow your Directory. "He will bring it back right away."

This is Prophetic.

Keep your Directory; it has cost you money; you can't buy another. It is out of print, for we publish only the number subscribed for.

Don't Lend Your Umbrella.

Did you ever lend your umbrella? If so did you ever get it back? If you got it back, didn't you have to go after it or *hunt* for it?

Now, if you never loaned your DIRECTORY we recommend you never to try it, for you will suffer a worse fate than with your parachute!

Borrowers, generally, are chronically such. Their conscience is "seared as with a hot iron." Beyond the shadowy vision of its ultimate reappearance, you will never see it again. The man who borrows a Directory never buys or subscribes for it (or for anything else). Ask him to do so, "he doesn't want it," "never has any use for it," "he knows more about the people in this city than you can tell him," "he knows everybody," and "*VICE VERSA, Everybody Knows Him*" (as a borrower). Yet the virgin freshness of its leaves has hardly been supplied by human touch before this individual wants to borrow your Directory. "He will bring it back right away."

This is Prophetic.

Keep your Directory; it has cost you money; you can't buy another. It is out of print, for we publish only the number subscribed for.

Use Glory Soap

For LAUNDRY and BATH.

ABSOLUTELY PURE.
